

DECISION No DEC-11/101-V/2013

**ON THE METHOD FOR THE DETERMINATION OF
DIACYLGLYCEROLS AND TRIACYLGLYCEROLS**

**THE COUNCIL OF MEMBERS OF THE INTERNATIONAL OLIVE
COUNCIL,**

Having regard to the recommendation made by the Technical Committee at its 13th meeting on the occasion of the 100th session of the Council of Members,

Whereas there is a pressing need for a useful method to detect certain types of adulteration;

Whereas the chemists have examined the application of the methods under review,

DECIDES

The method of C. Mariani referenced COI/T.20/Doc. No 32 for the *Determination of the content of diacylglycerols and triacylglycerols* shall be recommended to Members for provisional application until the chemists take a stance on the limits to be fixed for triglycerides.

Madrid (Spain), 29 November 2013.
