Individual producers, producers’ associations or packers in any producer country could enter extra virgin olive oils for the competition.

According to the competition rules released in June 2015, the entries for this second edition were classified in one of the following sections on the basis of the median intensity of their fruitiness:

<table>
<thead>
<tr>
<th>Section</th>
<th>Median of the fruitiness</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Green fruitiness:</strong></td>
<td></td>
</tr>
<tr>
<td>Intense fruitiness</td>
<td>m &gt; 6</td>
</tr>
<tr>
<td>Medium fruitiness</td>
<td>3 ≤ m ≤ 6</td>
</tr>
<tr>
<td>Mild fruitiness</td>
<td>≤ 3</td>
</tr>
<tr>
<td><strong>Ripe fruitiness</strong></td>
<td></td>
</tr>

</table>

All the entries were assessed by the international panel of judges for this second edition who selected the highest-scoring oils in proportion to the number of entries for each competition section.

Next, the international panel selected the prize winners according to a special 100-point score sheet which marks the oils for their olfactory, gustatory and retronasal sensations and their harmony, complexity and persistence.
